Current position

Research and teaching assistant, *Université Paris Nanterre*.

Post-doctoral research fellow, *EconomiX (UMR-CNRS 7235)*, Université Paris Nanterre.

Research fields

Main, *Environmental economics, Macroeconomics, Population*.

Specialties, *Growth, Migration, Education, Public policy*.

Education

2015–2019 **Ph. D. in Economics**, *Université Paris Nanterre*.

Titre : "Development, demographics and environment in Caribbean Small Island Developing States" (thesis defended on November 27, 2019)

Supervisors : Pr. Alain Ayong Le Kama (Université Paris Nanterre) et Pr. Fabien Prieur (Université de Montpellier)

This work studies the interactions between demographic dynamics and environmental constraints thanks to theoretical models and numerical analysis.

Jury :

- Pr. Mouez Fodha, Referee – Université Paris 1 Panthéon-Sorbonne
- Pr. Natacha Raffin, Referee – Université de Rouen
- Pr. Johanna Etner, Chairman – Université Paris Nanterre
- Pr Agustin Perez-Narahona, Examiner – Université de Cergy-Pontoise
- Pr. Ingmar Schumacher, Examiner – IPAG Business School

2014–2015 **Master Degree in Economics of Environment, Energy and Transport (EEET)**, *with high honors*, Université Paris Nanterre.

2013–2014 **Postgraduate Degree in Environment**, *mention honors*, Université Paris Sud-Orsay.

2010–2013 **Bachelor Degree in Sciences, Chemistry programme**, Université Pierre et Marie Curie.

2010–2013 **Bachelor Degree in Economics**, Université Panthéon Assas.

Grants and distinctions

2018–2020 **Research and Teaching scholarship**, *Université Paris Nanterre*.

2015–2018 **Phd Scholarship**, *Université Paris Nanterre*.

Research papers

Under revision

"The effects of migration and pollution externality on cognitive skills in Caribbean economies : a theoretical analysis".

under revision in *Environmental and Development Economics* (CNRS rank 3)

"The impact of remittances on savings, capital and economic growth in small emerging countries", in collaboration with Zouhair Ait-Benhamou.
under revision in *Economic Modelling* (CNRS rang 2)

Work in progress

"Confronting Climate Change : Adaptation vs. Migration strategies in Small Island Developing States", in collaboration with Paolo Melindi Ghidi et Fabien Prieur.

"Optimal Taxation, green consumerism and the environment", in collaboration with Paolo Melindi Ghidi et Fabien Prieur.

Referee activities

Environment and Development Economics.

Communications

- 2019 **6th Annual Conference of the French Association of Environmental and Resource Economists**, *Université de Rennes*.
