

# Curriculum Vitae

Ludovic A. Julien

Professor of Economics, Université Paris-Nanterre

Member of EconomiX, UMR CNRS 7235

President of CEPET (Center European Program in Economic Theory), since 2012

<https://sites.google.com/site/cepweb/>

## Professional address

EconomiX, Université Paris-Nanterre

Bâtiment Maurice Allais

200, avenue de la République

92001 Nanterre Cédex

France

Mail : ludovic.julien@parisnanterre.fr

## Education

Agrégation (premier concours) de Sciences Economiques

Habilitation à Diriger des Recherches en Economie (Université Paris X-Nanterre),

Titre : "Macroéconomie et défauts de coordination"

Post-doctoral-Fellowship, Université Catholique de Louvain (Fellowship Lavoisier, French Ministry of Foreign Affairs)

PhD at Université Paris X-Nanterre, "Monnaie, échanges effectifs et équilibres de sous-emploi"

## Research activities

*Referee* for: Australian Economic Papers (1), Cahiers d'économie politique/Papers in Political Economy (3), Canadian Journal of Agricultural Economics (1), Economie Internationale/International Economics (3), Economics Bulletin (1), Economic Modelling (4), Economics Research International (1), European Journal of Operational Research (2), International Review of Economics and Finance (1), Journal of Economics (5), Journal of the Operational Research Society (1), Journal of Public Economic Theory (1), Journal of Reviews on Global Economics (1), Metroeconomica (1), Recherches Economiques de Louvain/Louvain Economic Review (3), Research in Economics (2), Revue Economique (1), Revue d'économie politique (3), The Manchester School (3), Theoretical Economics Letters (2), The Engineering Economist (1), ...

*Associate Editor*: Studies in Microeconomics, Lecturas de Economia

Coordination of the special issue Recherches Economiques de Louvain/Louvain Economic Review (n°4, 2013): "Recent developments in strategic interactions and general equilibrium"

Coordination (with N. Berta et F. Tricou) of the special issue Cahiers d'Economie Politique/Papers in Political Economy (n°63, 2012): "Perfect competition: definitions, usages and foundations"

*Fields of Research*: Strategic interactions and general equilibrium, optimization theory, coordination failures, conjectural variations, externality and public policy
